Second International ECSA Conference 2018
3–5 June 2018 | Geneva, Switzerland
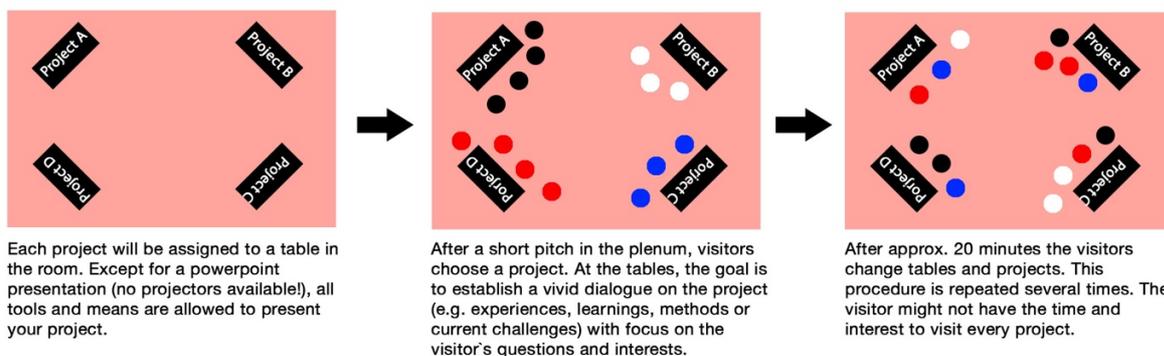

Formats

1. Workshop

You work on a specific idea and utilize interactive methods in order to produce a result at the end of the session. A talk with a Q&A session is not a workshop. Workshops should really be interactive and hands on!

- For a limited number of participants (max. 50 persons in total)
- Different levels – from beginners to experts
- Time slots: 75 or 90 minutes
- Infrastructure: Tables, pinboards, markers, projector (please bring other material yourself)

2. Dialogue session

The session consists of a set of different projects. You will present your project in a dialogue session parallel to others. At the beginning, the participants choose the projects they want to learn more about based upon a 2 minutes presentation (pitch) in the plenum by each presenter. Afterwards the presenters return to their tables and wait for the visitors. After a signal the visitors change the projects after approx. 15 minutes. A dialogue session is not a Q&A session!

Visualization of Dialogue Session

Each project will be assigned to a table in the room. Except for a powerpoint presentation (no projectors available!), all tools and means are allowed to present your project.

After a short pitch in the plenum, visitors choose a project. At the tables, the goal is to establish a vivid dialogue on the project (e.g. experiences, learnings, methods or current challenges) with focus on the visitor`s questions and interests.

After approx. 20 minutes the visitors change tables and projects. This procedure is repeated several times. The visitor might not have the time and interest to visit every project.

- For a limited number of participants (aprox. 10 persons in total per table and round à 15 minutes, several rounds)
- Time slots: 75 or 90 minutes
- Infrastructure: table, pin board, no projector!

3. Speed talk

Brief presentation / talk with focus on the citizen followed by discussion with participants.
- time: 6 minutes presentation of keypoints, 6 minutes discussion
- infrastructure: projector, pointer, alarm clock

4. Talk

Classical talk
- time: 20 minutes presentation, 8 minutes discussion
- infrastructure: projector, pointer

5. Poster presentation

a) Printed poster session

There will be a "printed" poster presentation on **Monday, 4th June**. You can display it from the morning (doors 8.30h) onwards and during coffee break and lunch. In the afternoon at 14h however the posters have to be removed due to another session format and space limitation.

Poster board dimensions:
Portrait, A0 size (841 mm wide x 1189 mm high / 33.1 inches wide x 46.8 inches high).

b) Digital poster session

Additionally, we can offer a "digital" speed poster presentation as one of the parallel sessions. You can project your poster (one document/page).

- Time: 5 minutes presentation, 3 minutes discussion
- Infrastructure: projector, pointer, alarm clock

6. Market stands (outdoor, under tent)

Separate information will be given.

Berne, 8th March 2018
